Not sure that one is best. It matters how much time you are willing to invest in this process: changing clipart and making the font appropriately to match. Option 2 is a reinterpretation of the font to match the pages. Anyway here is some help on how to get started in the right direction. To have some good site to look at would help. How do I change the actual text on a picture? how to change text size on a picture in photoshop It looks like your pics are fairly simple as you are not adding anything to them. Just changing the text, not overlaying text on a photo. I like option 2 a lot. You have to be creative to find ways to improve upon a site, no matter how crude. Here is one of the articles below. There are many articles on changing text size on a picture. What is the easiest way to change the size of an image's text? (Copyscape.com) The simplest way to change the size of the text in any image is probably to use Photoshop. You can use Text to Path tool to copy and paste the text so that you can add it to a new layer. Then you will be able to change the size by changing the text size. You can experiment on different fonts and different sizes of text. Which images can be changed by text size? Why change the size of a tiled image? 'Downton' finale: Elizabeth McGovern tributes Elizabeth McGovern has paid tribute to her final appearance as the Dowager Countess, saying "my heart is full" after filming the last scenes of the drama which is returning for a fourth series next month. The actress, best known for her role in "Downton Abbey" and who also starred in the BBC drama "The White Queen", will begin filming for a fourth series of "Downton" 1cb139a0ed
