Released by: CSG/UR Team Why Mods? Why should I download mods? Mods are NOT required to run Sims 4. We've got a manual mod installation guide on this page. Mods are great for a lot of reasons - here are just two: These mods improve the base game and take it to a new level. Sims 4 is a great game - but it can be even better! The mods will never break your game if you decide to replace the game files. Also, mods are meant to be used together. If you see a bug in one of the mods, you can always download the fix for the bug, as well. Mods and their fixes never crash or break the game, they just make it awesome! Just follow the simple instructions in the video. We recommend downloading the package file rather than the zip file, as package files compress better and are smaller. A: This mod didn't work for me at first either, after playing it a little bit, I found this bug that was able to fix it... It's a fix for the NameEdit crash bug, I think.
C:\Users\[username]\AppData\Roaming\Electronic Arts\The Sims 4\Game\nods\Mod\[mod name].package.xml It was under the ID "app.parent.child." Also, to install mods just do this: Open the mod folder in your installation files and open the package file In the file you are going to click on, you will see something similar to this: 3da54e8ca3
